

Here to Serve You

The first Fruth Pharmacy opened in November of 1952 in Point Pleasant, West Virginia, with founder Jack Fruth serving as the only employee. Today, Fruth Pharmacy has grown to 26 stores in both Ohio and West Virginia, with nearly 700 employees. Fruth Pharmacy continues to be family owned and operated. Lynne Fruth, youngest daughter of Jack Fruth, currently serves as President of Fruth Pharmacy. Fruth Pharmacy continues to maintain its goals to take care of the pharmaceutical health needs of local families. Fruth Pharmacy is proud to be *Your Hometown, Family Pharmacy*.

“Fruth’s mission is to be the premier provider of pharmacy services in our communities. Fruth Specialty Care Services is an important part of that mission, ensuring specialty care can be delivered locally by a pharmacist our patients know and trust.”

Part of your community...

Fruth Pharmacy is part of the communities in which we serve. We give back to our communities by supporting education programs and scholarships. We also support health initiatives, including providing free children's vitamins to area elementary schools. We love pets too! We support animal shelters with prescriptions and discounts for pet supplies. Thank you for letting us be a part of your community!

Specialty Care Close to Home™

We Work to Get Your Specialty Medications Quickly... and Help You Stay on Track

Because specialty medications are typically very expensive, insurance companies may impose prior authorization or approval before use. We'll help you get the medication your doctor has prescribed at the lowest possible cost.

We work behind the scenes for you by:

- Determining your insurance coverage and co-pay
- Utilizing manufacturer co-pay cards to reduce prescription cost
- Enrolling you in available foundation assistance programs to help cover high out-of-pocket costs
- Transferring the prescription to your insurance required pharmacy, if necessary
- Providing refill reminder calls to help keep you on schedule with therapy
- Following up to answer any questions after you've started the medication

Our Pharmacists Are Trained and Ready to Help

Our pharmacists will explain the proper administration of your medication and can personally answer any questions about its use. After pick up, you're just a phone call away... or simply stop by to talk in person!

Personal Attention for Your Drug Therapy

- Education on your medication and how it works to manage your condition
- In-person injection training
- Address any concerns about side effects and adverse events

Conveniently Pick Up Medications

- Pick up your specialty medications right here at Fruth Pharmacy or have them delivered to your home

Beyond Specialty Care... Your Pharmacy Home

Fruth Pharmacy provides a full range of traditional pharmacy services making it a one stop shop for ALL your pharmacy needs.
